PROJECT FACTSHEET

Bucks County Flood Plain Management Services Bucks County, PA

April 2009

CONGRESSIONAL DISTRICTS: Rep. Murphy (PA-8)

APPROPRIATION / PHASE:
General Investigations – FPMS

BUSINESS PROGRAM:
Flood Damage Reduction

AUTHORITY: Flood Plain Management Services

LOCATION: Bucks County, PA

DESCRIPTION: Investigation of multiple flooding issues in Bucks County, PA. Identified problem areas will be investigated with new topographic and hydrologic/hydraulic data and modeled accordingly. FEMA flood plain maps will be revised as necessary.

STATUS: Localized flooding issues in Yardley, PA are being analyzed. Hydraulic models are being validated and updated. Future plans involve a continuation of hydraulic model assessment, flood inundation mapping applications, flood vulnerability assessments and revisions to floodplain maps as necessary.
